

Final paper (CB-014) (LÕPUTÖÖ)

SUBJECT DESCRIPTION

Credits (ECTS)	10.00 ECTS
Assessment	grading
Aim of the subject and short description	
Final thesis enables students to prove their ability to use gained competencies in solving practical research tasks and to make an efficient and convincing presentation of their specific knowledge. Final thesis is the most important written work of the study period. It proves student's abilities to state and analyse problems and make conclusions on the basis thereof (i.e. professional thinking skills), to use their professional experience, literature and specific research methods and development tools (i.e. grasp of professional methods)	
Learning outcomes:	
Student: <ol style="list-style-type: none">1. Uses their knowledge and skills to conduct a research in their field;2. demonstrates their level of professional maturity in theory and practice;3. knows how to prepare a written work and work with sources;4. is able to prepare a theoretical text that analyses creative work performed;5. knows and is able to use correct academic language and research methods.
